

DHARMA

PRODUCT MANAGER

Based: Remote or Abu Dhabi, UAE

Reporting to: CEO

Start date: ASAP

ABOUT DHARMA

Our mission is to bring the world together through the power of shared experience. DHARMA is a fast-growing, travel-tech startup based in London, UK and Abu Dhabi, UAE. Our innovative business model creates, builds, launches, and operates private-label travel brands for the world's most iconic people and brands. We are proud to have happy clients across a range of industries from best-in-class fitness companies to A-list celebrities. Our dynamic, enthusiastic team has a positive impact on the world and does exceptional work. Together, we are revolutionizing the way travel experiences are built, promoted, and delivered.

JOB OVERVIEW

You'll develop, interpret and facilitate the product vision and roadmap, feature prioritization and implementation in each of the identified product domains. This role is inherently cross-functional. The way we approach building Product is very human-centered - we don't sell trips, we sell relevance and belonging, and you will be asked to infuse that in everything you do, whether we are thinking of the user journey on a per trip or per brand level.

RESPONSIBILITIES

- Lead and manage products from discovery to delivery and go to market.
- Interface and work with research, design, dev, marketing and other internal teams and external stakeholders to ensure that products and features are built and deployed to our customers.
- Set product roadmaps, objectives, success criteria and timelines.
- Setup and run POD sessions as well as facilitate or sit in on usability testing, user interviews and design sprints.

DHARMA

- Execute on best practice product principles and user development practices across internal teams and products.
- Measure and analyse the performance of product releases to define new problems and identify opportunities for future iterations.
- Constantly thinking about new feature ideas and their potential impact.

QUALIFICATIONS

- 5+ years of experience in product management
- Degree in Computer Science, Business Administration, Engineering, Marketing, or related field.
- Experience developing strategy, leading and managing projects, and working with distributed teams.
- Experience in hospitality, travel, and/or cloud kitchen technologies preferred.
- Experience in project management, roadmapping, estimation, sizing and prioritisation.
- Experience negotiating, motivating, and collaborating with internal and external technical and design teams in executing on product and feature development.
- Familiarity with customer-centric design, user profiling, and insights development to support product strategy and design.
- A proven track record of delivering highly ambitious products. You'll be ready to show what these are, and how you made it happen.
- Experience in Design Thinking preferred.
- Certification in Product Ownership (CSPO, PSPO etc) preferred.

HOW TO LEARN MORE

Thank you for your interest in DHARMA. We genuinely appreciate your enthusiasm.
